## Opportunity to Serve

Our children deserve the best in the area of adult leadership. We are currently seeking individuals who love young children to apply for a one year commitment to teach and commit to one class, one hour, for the duration of one year. It makes all the difference when the leaders truly love what they are doing and those with whom they are working. Parents will continue to support the Preschool Ministry by assisting once a month on Sunday mornings. If you have any questions or would like more information about serving in the Preschool Ministry, please connect with Kathy Kelly( Preschool Director), Denise Colburn (9:00 Volunteer Coordinator - 510-2432), or Shannon Thompson (10:40 Volunteer Coordinator - 545-9410) and they will be happy to assist you. A Volunteer Screening Form needs to be completed for each person wanting to serve in the Preschool Ministry. You can download the form on our website at [www.indianrocks.org](http://www.indianrocks.org) or connect with our Preschool Volunteer Coordinators and we can get you a copy.

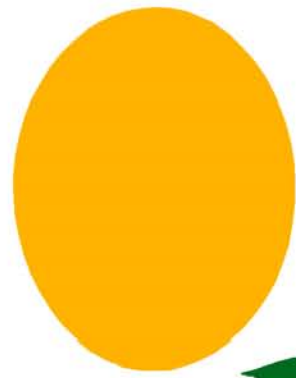

## Thank you

I would like to take this time to thank all our current volunteers in the Preschool Ministry. You make such an impact on all the young lives you touch each time you faithfully volunteer and serve. You do make a difference!!!!

## Promotion Sunday

Children ages 2-4 will be moving up to their new classes on August 15, 2010 (Babies and Toddlers are promoted based upon developmental milestones). Please remember that although your child may have a birthday during the coming months, they are to remain in their current class until next summer's promotion. Imagine the chaos if each child moved to a new room on his/her birthday! Look for signs to direct you to your child's new class. Classes are designed based upon birthdates. Preschool staff will be available to help get your child into the right classroom.

**\*As a reminder, we are counting on you to please fulfill your obligations of volunteering in the Preschool Ministry through the end of August. If you are vacationing, please switch with someone and let us know of the changes.\***

## Did you know...

There is a small, black call button on the wall of each classroom. This button will connect you to the front desk personnel. If for any reason you need assistance while volunteering in the Preschool Department, you may press the call button and communicate with us at the front desk. The call buttons are clearly labeled in each of the preschool rooms.
